

Customer Reference Group: Expressions of Interest

Explorability Inc. provides Disability Advocacy services to people with disability, their families and carers in the Perth Metropolitan and Wheatbelt regions, and will soon commence delivering NDIS Support Coordination.

We aim to empower people with disability to uphold their rights and live the life they choose.

Explorability is calling for expressions of interest from people with disability, their families and carers, to join our Customer Reference Group. This is an opportunity to contribute to the continuous improvement of Explorability by providing feedback on our processes and direction. We are aiming for a small, diverse group who will have input into policy development and review and new project or service design.

If you would like to express an interest in this group, please contact:
