

I have an NDIS plan and funding for Support Coordination - now what?

You have an NDIS plan with funding for Support Coordination.

You may be unsure where to start, or maybe this is not your first plan.

Explorability's Support Coordination can help you connect to supports and services.

Explorability's Support Coordination can help!

Our friendly staff can help you if you are unsure about the next step. Please contact us to discuss how we can work with you to achieve your goals.

Support Coordination can support you to:

- understand the supports and funding included in your plan
- negotiate with service providers to understand the services on offer and obtain quotes
- help you to build informal and formal support networks to assist you to work towards your goals
- complete relevant service agreements and service bookings
- review your satisfaction with service providers, troubleshoot any issues, and help you to prepare for your plan review
- improve your skills, build your capacity to live your life, increase your independence and maintain your relationships.

We are excited to work with you.

We believe in building a genuine relationship with you, maintaining open and honest communication and helping you to feel at ease with your supports. Please feel free to contact us and ask questions at any time.
